Berkshire Resources for Integration of Diverse Groups Through Education

Since 2007, our BRIDGE mission has been "promoting mutual understanding and respect among diverse groups serving as a resource to both local institutions and the community at large. We serve as catalysts for change and integration through collaboration, education, training, dialogue, fellowship and advocacy."

Through a 360 degree perspective on community and civic participation, BRIDGE has designed a holistic approach to community and public health. BRIDGE's goal is to impact hearts, minds and behaviors that result in positive cultural shifts and systemic changes in policy, law and practice towards a more just, safe and equitable society.
